

# MAKE YOUR OWN

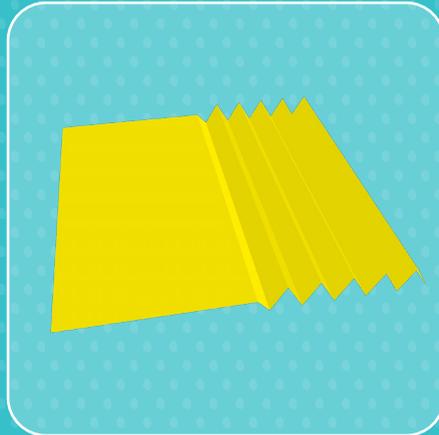

# bunny!

## YOU WILL NEED:

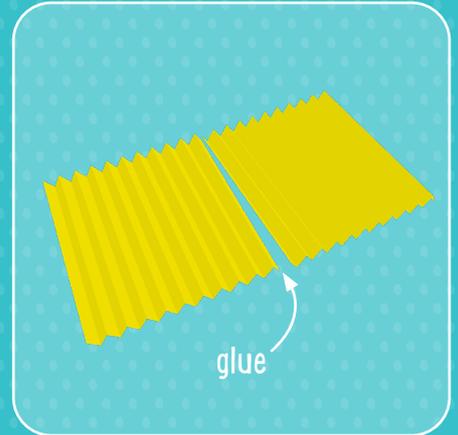

-  A4 paper (x2)
-  glue
-  string or wool
-  scissors

1 Take two sheets of coloured A4 paper (or colour in the paper yourself).

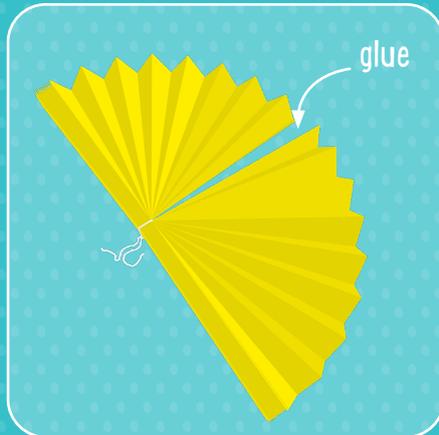

2 Fold each of the sheets up to make a concertina shape.

3 Glue the two folded sheets together to make one big sheet.

4 Fold up the big sheet. Then, tightly tie some string or wool around the middle of the folded paper.

5 Unfurl one side of the folded paper and glue the two edges together where they meet.

6 Do the same with the other side so that you end up with a shape like this.

7 Glue all of the bunny parts onto the paper circle.
