

LEAF CREATURES

Follow the steps to create a leaf creature.

You will need:

Leaves, twigs, googly eyes or paper and pen, glue

1

Stick your leaves together to create a bug shape.

2

Stick the twigs onto the leaves to create a body and legs.

3

Stick two more twigs onto the leaves to create antennas.

4

Add googly eyes to finish your leaf creature.

You can also draw the eyes and legs on using a pen.

See what other creatures you can create!
