

Oh, yes, Mr. Snowman

Bowling

You will need:

- 10 toilet roll tubes
- 10 pieces of ribbon
- children's socks
- glue
- scissors
- small ball

- 1 To make the snowman pins, ask an adult to help you cut out the templates below. Then, wrap each template around a toilet roll tube. Glue the ends to secure in place.
- 2 Tie a ribbon around the tube to act as the snowman's scarf.
- 3 Slide a sock over the top end of the tube to make a hat.
- 4 To arrange your pins into a triangular formation, start by placing 4 pins next to each other in a line. Then, place 3 pins in a line next to your original line. Continue until all your pins are in a triangular formation. 
- 5 Take it in turns to try and knock the most pins down. The player with the highest score, wins!
- 6 Grab your ball – you're ready to bowl!
