

MEGA MONSTER PAPER CHAIN

1. Use your pencils and crayons to finish the monsters.
2. Ask an adult to help you cut out the monsters and make a hole where shown (this is where you will thread the paper through).
3. Cut the coloured paper into strips. If you don't have coloured paper, use the coloured strips provided at the end of the instructions. (You can keep cutting more paper as you go if you need more).
4. Choose a monster. Thread the paper strip through the hole on the monster and create a loop so the two ends of the paper meet. Tape both ends together to make a chain link.
5. Take another paper strip. Create a loop so the two ends of the paper meet linking through your previous chain link. Tape both ends together.
6. Repeat steps 4 and 5 to continue the paper chain.
7. Hang your mega monster paper chain in your window for everyone to see!

You will need:

-  colouring pencils
-  scissors
-  tape
-  coloured paper

monsters
